Sir Folly goes a-dancing by,
Fun and frolic in his eye,
"Ho, Sir Folly! Why so gay?"
Says he:

Beggar Wisdom shuffles near,
Downcast eyes, no word of cheer,
Rage and tatters, meanly clad,
"Brother Wisdom, Why so sad?"
Says he:

WHAT MR. BRYAN would do for the farmers ain't a circumstance to what the farmers are going to do to Mr. BRYAN.

It is difficult for the Northern Democrats to bid for the Negro vote while Southern Democrats keep on disfranchising it. A Democratic concordance seems to be needed.

You don't have to go to heaven to find angels. You may find them on almost any farm—sweet women, around the cook stove, at the washtub, at the ironing-table, flitting about everywhere, ministering to the wants of their loved ones—sweet MARTHAS, the angels that the world cannot do without.

It is reported that at the State Convention which nominated WILLSON, MARSHALL BULLITT told the Governor that there was not room in the Republican party for both him and BRADLEY. WILLSON is said to have sententiously remarked: "Then you had better get out." Certain it is that there is no love lost.

KENTUCKY was the fourteenth State to be admitted to the Union, yet she lags behind all the States and Territories except Arizona and New Mexico in education. Read what the State of Washington does: The sum of \$8,000,000 will be expended for the education of children in the Public Schools of that State during the present scholastic year. This is \$52 per capita, based on the average daily attendance of more than 152,000, and is the highest appropriation of any State in the Union. Kentucky's per capita this year is only \$3.60.

PECOR

WHY TAFT SHOULD WIN

Prosperity Depends on Republican Success.

A RECORD OF ACHIEVEMENT.

Nation Has Grown Rich and Great Under Sound Principles and Wise Policies of Grand Old Party—Democracy's Record Is One of Failure.

Because the principles and policies, the men and measures of the Republican party are essential to the prosperity of all our people and to the welfare of our beloved land the president of the United States and all associated with him in authority, the congress which formulates the laws for our protection and the courts which construe the laws in accordance with the letter and spirit of our constitution should be in sympathy with the purposes of the Republican party, whose administrations have made this mighty nation respected and admired wherever governments are known among men.

The principles of the Republican party are the same as were employed by Washington, Hamilton and their compatriots in the early days of the republic. They were the guides of Marshall and Webster in expounding the nation's organic law. They lighted the pathway of Lincoln and Grant, of McKinley and Dewey and were the beacons of progress for Roosevelt, Taft and their associates in the administrative affairs of the nation.

The strongest argument in favor of continuing the Republican party in power is the record of its achievements contrasted with that of the Democratic party and applying reasonable deductions therefrom to the chief issues before the people at this time.

First—A revision of the customs tariff to meet changed conditions in trade and industry.

In 1883, 1890 and 1897 the Republican party revised the tariff. In each instance success crowned its labors. In 1897 it gave us the present tariff, and ten years of the most marvelous and universal prosperity the world has ever witnessed was the result. The Democratic party revised the tariff in 1894, and the country suffered industrial and financial disaster, which ended only with the return of the Republican party to power and the re-establishment of the tariff upon adequately protective lines.

Nothing in the language of human experience so eloquently appeals to the confidence of men as the magic word success. The policies of the Republican party have been successful. The wonderful record of American achievement under Republican administrations is a comfort to the hearts and inspiration to the hopes of American freemen.

The Republican party came into power in 1861. It has maintained the policy of protection to home industries, which has been and is now opposed by the Democratic party. The value of our farms in 1860 was less than \$8,000,000,000; of our manufacturing plants less than \$2,000,000,000. In 1905 our farms were valued at \$20,000,000,000; our manufacturing plants in 1905 at \$12,000,000,000. The annual value of our farm products increased \$3,000,000,000. The addition of 3,000,

000 salary and wage earners (in manufacturing plants established under protection) with individual yearly incomes increased from \$290 in 1860 to \$596 in 1905 contributed to make our home market the best in the world.

Grateful should a people be upon whom despite their opposition blessings unnumbered are bestowed. Eleven southern states of the American Union rejected the policies of the Republican party in 1861 and attempted to set up a government based upon free trade. The plan failed. In 1860 those states had capital invested in manufacturing to the amount of \$108,000,000. In 1905 they had invested in manufacturing \$1,151,000,000. The increase of investments in manufacturing in those states during five years only ending with 1905 was \$475,000,000, or four times the value of all manufacturing plants within their borders when the Republican party arose to power and usefulness in the republic.

Second—A reorganization of the banking and currency laws to furnish a safe currency for the convenience of our people in their daily exchanges.

The Republican party established the gold standard. Instead of "ruin," predicted by the Democratic party, wages and prices have risen, the former in so much greater ratio that at no time anywhere would a day's labor buy so much of the necessities and luxuries of life as in the United States today. More than \$1,000,000,000 in gold in our treasury is the greatest amount held by any nation. The Republican party gave us safe bank notes and provision for additional currency in emergencies, all "as good as gold." The Democratic party offered free silver coinage as a solution of the money question. Now it advocates United States notes, which it opposed when the Republican party issued such notes as a means of saving the Union.

Third—The making of laws to insure that rich and powerful corporations shall not take tribute from smaller producers and consumers; that accom-

—Des Moines Register and Leader.

panying our increasing wealth production there shall be a check upon waste of our natural resources; that the courts shall be perfect safeguards of our people in the true spirit of liberty restrained by law, which is the cornerstone of our republican institutions.

Democracy Divided.

Thomas L. Hilsen, Hearst candidate for the presidency, looks for the election of Taft and then a new alignment of political parties. Mr. Hilsen says:

"The Democratic party is dividing. The radical and the more conservative elements can pull together only a little while longer. After Bryan is defeated for a third time there is bound to be a new alignment of the people, and the Democratic party will disintegrate. The Republicans will get some of those former Democrats, and the Independence league will get more of them. The campaign of 1912 will be fought out by a different set of political parties from those now in the field."

Bryan's great handicap in running for the presidency is that he cannot run away from his record.

The wind bloweth where it listeth. So does William Jennings Bryan. It is a way they both have.

This is a Republican campaign of reason, not rant; of argument, not agitation. Mr. Taft, the candidate, makes its effective advocate. The more the country sees of his personality the more assured is Republican victory.

Judge Taft not only wins votes by arousing public interest in his personality, but he adds strength to his party in every doubtful state by showing the hesitating a man they can trust.

Mr. Taft is willing to work for his party in any part of the country. Every Republican in every part of the country should emulate his example.

Don't Worry

If you are sick, don't worry, but begin at once to make yourself well. To do this, we but repeat the words of thousands of other sufferers from womanly ills, when we say:

TAKE CARDUI

It Will Help You

For 50 years, this wonderful female remedy, has been benefitting sick women. Mrs. Jennie Merriek, of Cambridge City, Ind., says: "I suffered greatly with female trouble, and the doctors did no good. They wanted to operate, but I took Cardui, and it made me feel like a new woman. I am still using this wonderful medicine, with increasing relief."

Keep Your Bowels Open

A Safe Certain Home Remedy that is Sold By All Druggists

A fact any doctor will verify is that constipated people suffer most from disease. Regular bowel action is absolutely necessary to health. People who are constipated either part or all of the time must use something to make their bowels move. This should not be a violent purgative or a cathartic that merely tears its way through the bowels emptying them of waste matter for the time but leaving them in a weakened state that prolongs the constipated condition. Dr. Caldwell's Syrup Pepsin is an easy, pleasant, natural laxative that removes the waste matter and establishes regular, daily movements without pain or gripe. Children and delicate women should never be given strong physic for it not only weakens the bowels but the entire system. Dr. Caldwell's Syrup Pepsin serves as a tonic and an aid to digestion as well as a laxative that is certain in its effect upon the most obstinate old cases and yet safe and pleasant for a baby. With the first few doses the ill effects of constipation, such as dyspepsia, indigestion, liver trouble, biliousness, flatulency, sour stomach, sick headache, bloated stomach, etc., quickly disappear. It is a remedy that should be in every home for every member of the family at some time has need of a safe, sure laxative. Mrs. J. C. Cooper, Chicago, Ill., writes: "I use Dr. Caldwell's Syrup Pepsin for myself and family. I keep it on hand constantly, as I find it to be a most pleasant laxative and is all you claim for it." Sarah J. Houser, Eureka Springs, Ark., says: "I would have been dead had it not been for Dr. Caldwell's Syrup Pepsin. It is the best medicine I ever used for constipation, indigestion and biliousness." M. R. Zerkel, Troy, Ohio, considers it the best known laxative for children. We are glad to send a free sample to any one who has not used it and will give it a fair trial. Write today to Pepsin Syrup Co., 305 Caldwell Bldg., Monticello, Ill. All druggists sell it at 50c and \$1.00 per bottle.

WALL PAPER

WOMEN WHO SEE OUR WALLPAPER

Not infrequently say, "Oh, how pretty! Wouldn't I like a dress like it." Our papers ARE pretty. That will be evident at the first glance. There are a host of artistic designs to choose from and not an unattractive one in the lot. Come and see them. There's certainly at least one of your rooms that needs re-papering.

CRANE & SHAFER,

3 East Third Street, Cox Building.

The Louisville Herald yesterday had a very pretty likeness of Miss Lissie Collins, the attractive daughter of Mr. and Mrs. O. E. Collins of Cincinnati, formerly of this city. Miss Collins is becoming an artist of no mean ability, her "Collins" poster girls having already made a decided hit. She will this year be a student of the Cincinnati Art Academy to develop her marked talent in drawing and painting.

Number of cases of tardiness during the month, 135.

Room having no case of tardiness, A. G. Stewart, in Sixth Ward.

We urge the patrons of the schools to see to it that your child is in school on time and that this enormous number of cases of tardiness be greatly reduced. The business man will not permit his clerk to come in late to his work. We feel that you owe it to your children to help the teachers teach your child the importance of being on time at all engagements. The first bell rings in the morning at 8 o'clock, the tardy bell at 8:30. The first bell in the afternoon rings at 12:45, the tardy bell at 1 o'clock.

We always enjoy visitors and hope to see more during the month of October. Respectfully yours,
J. W. BRANNIN,
Superintendent.

Don't take our word for it. Don't depend on a stranger's statement. Read Maysville endorsement. Read the statements of Maysville citizens. And decide for yourself. Here is one case of it:

J. M. Lloyd, farmer, Rural Free Delivery, No. 5, Maysville, Ky., says: "I am only too pleased to tell of my experience with Doan's Kidney Pills and hope that it may be the means of benefiting other sufferers of kidney troubles. About five years ago my kidneys suddenly became disordered and for several months I was bothered by constant dull pains across my back and through the loins. When I stooped or lifted, sharp twinges shot through my body and caused me the most intense suffering. Learning of Doan's Kidney Pills, I purchased a box at J. J. Wood & Son's Drugstore and began using them. The contents of this box effected a complete cure and since then I have not had a touch of backache or any other trouble arising from inactive kidneys."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

In my scientific method of examining the eyes. Long practice, my up-to-date methods and my fine set of instruments make the use of dangerous drugs unnecessary and give absolutely accurate results in every case. As a proof of my ability I would point to the number of satisfied people I have fitted with glasses since I have been in Maysville.

Good crowds were out at each performance last night. The show continues to please everyone. Jimmy Newell in his blackface songs and monologues always delivers the goods. Nisco and Moran in their singing, dancing and talking act are as good as the best, receiving expected encores at each performance. Tonight the beautiful picture in colors, "East Lynne". This picture is always a favorite here and should draw large crowds itself. Don't forget the stock company in that funny clodshoes: "The Burglar Alarm." First show 7:30. Admission 10c. Join the crowd and look pleasant.

Seven Ohio counties took advantage of the Ross Local Option Law Monday and of this number all, but one, Defiance, voted in favor of forcing the saloons to close.

Of the 23 counties that have so far voted on the question of local option, Defiance is the first to give a victory for the wets, the majority in favor of the saloon interests being 511.

The county is mainly populated by the Germans, and, in addition to a brewery, it is also the home of a steel barrel manufac-

uring plant. The other counties voting Monday and piling up the total majority for the drys were Pickaway, which gave 199; Union, 1,808; Champaign, 2,045; Logan, 1,847; Madison, 1,177, and Wood, 1,359.

The Ross Law has so far sounded the death knell of 786 saloons, all of which will have to close their doors within 30 days from the date of the election. The aggregate loss in revenue to the counties voting dry is \$105,718, while the loss to the State will total \$245,718, making a grand total of \$351,436.

Three more counties have fixed dates for holding local option elections, one, Wyandotte, will vote on the issue Wednesday, while Greene and Trumbull decide the question on October 27th.

Rev. W. W. Akers will conduct the Union prayer-meeting services at the First M. E. Church, South, Thursday evening.

The interment of Alma, the six-month-old daughter of Mr. and Mrs. James Morrison of the county, occurred this morning in the Cemetery at Washington.

Mr. John Burkhardt has put up the shutters to his Aberdeen saloon and moved the goods to this side of the river. His license having been paid to December he will get a rake down in the way of a rebate.

The members of the C. E. Society of the Christian Church will have their monthly business meeting at Miss Anna Frank's Monday evening, the 12th, at 7:30. Should like to have all members present.
